About Us

Ace Bolt & Screw Co., Inc. was co-founded on July 1, 1969 by two friends, Randal and Tom, who moved to Mississippi with the hopes of opening a fastener company. With Tom's death in 2003, Randal bought out his friend's share. Since then, Ace Bolt & Screw has become a 3rd generation family business with Randal's sons, Randy and Mike, and his 3 grandkids being employed.

What began as a hope and a dream among two friends has become one of the largest fastener distributors in the Southeast. We are able to ship products throughout the United States and beyond. Let us add you to our extended family and take care of your needs whether they are for commercial, construction, or industrial.

"Your #1 Fastener and Tool Resource"

We Proudly Carry These Fine Brands!
